

Generation Hope Family Counseling & Consulting, LLC

WEBSITE PRIVACY POLICY

Last Updated: January 2026

1. General Information We take your privacy seriously. This policy describes how our agency collects and uses information when you visit our website. By using this website, you consent to the data practices described in this statement.

2. Hosting and Cookies (The Technical Stuff) Our website is hosted on the Wix.com platform. Wix.com provides us with the online platform that allows us to provide our services to you.

- **Cookies:** Like most websites, our site uses "cookies" (small data files stored on your browser). These are used automatically by Wix for security, to monitor system performance, and to ensure the website functions correctly.
- **Personal Data:** We do not use these cookies to identify you personally. We do not sell, rent, or lease our customer lists to third parties.

3. Client Intake Forms (FormDr) To protect your sensitive health information, we do not collect medical history directly through this website.

- Instead, we use a secure, HIPAA-compliant service called FormDr.
- When you click links to "New Patient Forms" or "Intake," you are redirected to FormDr's encrypted system. Information you submit there is encrypted and sent directly to our office. It is not stored on this public website.

4. External Links This website may contain links to other sites (such as psychology resources or maps). We are not responsible for the content or privacy practices of such other sites. We encourage our users to be aware when they leave our site and to read the privacy statements of any other site that collects personally identifiable information.

5. Contact Us If you have questions about this policy or our privacy practices, please contact us at our Omaha office.
